EXPERIENCE

Web Developer Intern

July 2024 – Aug 2024

INTERNPE

- Built and deployed a responsive web application using HTML, CSS, and JavaScript, improving user engagement by 50% and enhancing overall user experience.
- Implemented secure JWT-based authentication, managing access for 100+ users while ensuring data protection and session integrity.
- Collaborated in Agile development cycles, actively participating in code reviews to enhance code quality and streamline development processes.
- Designed and optimized backend logic and database interactions, improving application performance and scalability.
- Deployed and maintained the application on GitHub and Netlify, ensuring high availability with 99.9% uptime.

PROJECTS

Receipt-Style Food Ordering Website | HTML5, CSS3, JavaScript, GitHub.

[Project Link](#) | Dec 2024

- Developed a fully functional, responsive food ordering website inspired by receipt-style UI for a unique, minimalist user experience.
- Implemented responsive design using HTML, CSS, GitHub, Visual Studio and JavaScript.
- Implemented itemized menu display, cart system, and dynamic receipt generation with total calculation (subtotal, tax, delivery charges).
- Enhanced user interaction using multimedia elements (food images, hover effects, responsive menus). Used version control with GitHub and followed clean code practices for scalability and maintainability.

ATM Management System | Java, SQL.

[GitHub Link](#) | Jul 2024

- Implemented features like user login authentication, balance inquiry, deposit, withdrawal, and mini statement.
- Managed data flow and transactions efficiently using structured program logic.
- Strengthened problem-solving and software development skills through real-time simulation project.
- ATM Management System is a Java-based application integrated with SQL database for secure banking operations.

TECHNICAL SKILLS

Soft Skills: HTML5, CSS3, JavaScript, Java, MySQL.

Tools: GitHub, VS code, MS office, MS Power Point.

Core CS: Operating Systems, Computer Networks, Problem Solving, Team Management, Troubleshooting.

Languages: Hindi, English.

EDUCATION

Madan Mohan Malaviya University of Technology

Gorakhpur, UP

Master of Computer Applications (Information Technology) | CGPA: 7.49/10

Sep 2023 – June 2025

- Relevant Coursework: Data Structures & Algorithms, Operating Systems, Computer Networks, Machine Learning, Data Engineering, Generative AI, Deep Learning, Data Science.

Rambhajan Degree College Chak Husain Thalaipur

Mau, UP

Bachelor of Science (Mathematics) | 68.44/100%

Aug 2020 – May 2023

- Relevant Coursework: Physics, Mathematics, Chemistry.

CERTIFICATIONS & ACHIEVEMENTS

Java Programming from Simplilearn skill up: Skill Up by Simplilearn, covering core java concepts including OOPs, exception handling, collections, and basic application development.

E-commerce Full-Stack certification from Great Stack: Great Stack covering frontend (HTML, CSS & JavaScript) and Backend development with data base integration and deployment of e-commerce applications.
